

SEARCHLIGHTS · SKY TRACKERS · SKY BEAMS

Own the beam everyone else rents.

A towering sky-beam seen for miles — yours to own for a fraction of what others pay to rent it for a single night.

2 kW

SEEN ~3–5 MILES

AUTO SWEEP & TILT

~4 nights

PAYS FOR ITSELF

Also available in 1, 3, 4, 6 & 7 kW and multi-head (2/3/4-beam) models. Ships made-to-order (60–75 days). A searchlight is a brilliant beam of light — it does **not** project a logo (that's our gobo projectors).

Stop renting. **Own it.**
