Approx. weight (with case)	~80 kg	~90 kg	~120 kg
Lead time	60–75 days (made-to-order · ships by sea)		

All available power options

Searchlights come in **1kW · 2kW · 3kW · 4kW · 5kW · 6kW · 7kW · 10kW**. The 2kW, 5kW and 10kW are the most popular — we'll quote the exact power for your event. Multi-head models (2, 3 & 4 synchronized beams) available on request.

*Visible reach depends on weather, humidity, ambient city light and elevation. Runs on 220V mains; 5kW & 10kW are best paired with a generator. **Note:** a searchlight is a beam of light — it does not project a logo.

Light up the **night**

Where they **shine**

Grand Openings

Be seen for miles on opening night.

Festivals

Mark the main stage after dark.

Casinos & Resorts

A landmark beam all night.

Car Dealerships

Pull highway traffic to your lot.

Premieres & Galas

Red-carpet sky energy.

Real Estate

Drive traffic to open houses.

It's a beam of light — not a logo projector

Searchlights throw a brilliant column of colored light into the night sky to draw attention. They do **not** project a logo or image — for that, ask about our gobo logo projectors.

Own the beam everyone else rents.
